

AMERICAN INTERNATIONAL ONLINE PREP ACADEMY

A Structured Path to University Placement Abroad

OUR MISSION

- | We prepare students for university placement abroad.
- | This is our Prime Directive.
- | Every academic recommendation, support service, and structural decision is built around that objective.
- | If university placement abroad is not the goal, AIO Prep Academy is not the appropriate fit.

Our responsibility is clear: to guide students from their home country to successful university placement in the United Kingdom, Canada, Australia, or the United States

ACADEMIC STRUCTURE

- | AIO Prep Academy operates through a self-paced academic structure.
- | Students progress through coursework based on discipline and consistency.
- | Students complete the AIO pathway exclusively.
- | Students remain enrolled in a local secondary school while completing AIO independently.
- | This structure allows families to pursue international placement while maintaining their local secondary school requirements.

EARLY SAT ASSESSMENT

| Understand how the exam works.

| See current score level.

| Identify areas for improvement.

| Upon enrollment, each student will take a full practice SAT examination on day one.

| This initial assessment determines the student's academic pathway and preparation strategy.

| Students scoring 1300 or higher qualify for full university placement opportunities across all partner institutions.

UNIVERSITY PREPARATION SEQUENCE

Upon enrollment, each student enters a structured university preparation pathway designed to guide them from assessment through university placement.
